Villa Tile

DECRA® VILLA TILE

As the original stone coated steel roofing system, the DECRA® product line represents a perfect blending of 50 years of research and practical experience.

Offering the ultimate in performance and engineering design is what DECRA Roofing Systems are all about.

Shake

DECRA® SHAKE DECRA® SHAKE XD®

DECRA Shake and Shake XD are the ideal roof. They offer the distinctive beauty and richness of cedar shake, while providing the durability and longevity of stone coated steel. These superior products are available in a diverse range of colours guaranteed to compliment any colour scheme.

Tile

DECRA® TILE

Offering the beauty and style of Mediterranean Tile and the lightweight components of stone coated steel; this roof adds a unique elegance to any home. With a long-standing reputation for performance, longevity and versatility DECRA Tile has been an ideal alternative to traditional tile products for over 50 years.

Shingle

DECRA® SHINGLE XD®

DECRA Shingle XD offers a classic look that features a traditional distinctive style, reinforced with the strength and longevity of steel. Available in a variety of natural earth tone colours, these colours incorporate a subtle natural shadow, which enhances the richness and detail of the roof.

Slate Plus

Slate Plus Stone Coated Metal Roof Panels

World's First Hidden Fastener Stone Coated Slate

We've introduced the world's first stone coated hidden fastener slate profile. We figured why look like an inferior asphalt shingle when we can match the superior natural beauty of slate. With hidden fasteners the installation of an easy roof just became easier.

Slate Plus Smooth Metal Roof Panels

Sleek Slate Look With An Innovative Smooth Finish

Metstar Slate Plus Smooth is a product that is designed for the simplest and most affordable metal roofing system possible while still keeping an attractive look and lifetime durability. Metstar Slate Plus Smooth can go right over top of existing asphalt shingles, eliminating the need for a messy and costly tear off.

EcoStar

Slate

EcoStar was established in 1993 to meet the need for a recycled synthetic alternative to natural slate roofing. That need led to the manufacture of our first line of synthetic product – Majestic Slate.

Achieve a custom look by combining multiple profiles.

Shake

EcoStar Shake tiles replicate the look of natural hand-split cedar shakes. The tile molds have been custom crafted using real wood shake tiles as a template to create an intricate texture that appears truly natural.

ROOFING SUPPLIES

Slate

MULTI-WIDTH SLATE

SINGLE-WIDTH SLATE

DaVinci roof tiles are constructed of a composite material made of pure virgin resins, UV and thermal stabilizers as well as a highly-specialized fire retardant. The result is a state-of-the-art tile that gives us the greatest degree of color control and consistency in the manufacturing process and an end product that endures beautifully in any climate.

SINGLE-WIDTH SHAKE

Metal

Wakefield Bridge steel shingles are designed as an alternative to common asphalt shingles, but with the toughness and long-lasting qualities of high-strength steel roofing panels. Metal roofing is available in Wakefield Bridge shingles and several other profiles.

Wakefield Bridge

Monteciano

Give your home the charm and appearance of a Mediterranean villa. Ideal Roofing's new Mediterranean-style Monteciano™ steel roofing tile is designed to replicate the traditional clay or terra cotta roofing tiles with their typical warm and rich red earth tones, combining their unique character, distinguished look and elegance with the durability of high-strength steel roofing.

Security Rib

Heritage Series

Cedar

For over a century Western Red Cedar Shakes and Shingles have proven to be a superior material for roof and wall cladding which is durable, warm and resistant to extremes of wind and weather. In an environmentally conscious world they are clearly the Natural Choice!

Asphalt

Asphalt roof shingles are the most popular roofing material used on homes across North America, and with good reason. They are designed to protect a home through decades of weathering with minimal upkeep, and are available in a multitude of colours and styles. In addition to offering a variety of style choices, asphalt shingles are easy to install, making them an attractive option.

We offer a complete selection of asphalt shingles in several styles, as well as all related accessory products.
